## **THE PYC Summer Camp Mission Statement**

To create a supportive atmosphere in which children can learn new skills and build friendships.

### **Objective**

To create a place where we can encourage children in a fun and relaxed environment while providing close and friendly supervision. We maintain a (1:5) counselor to camper ratio. Our counselors are lifeguard certified and teach responsible boating, including a respect for the natural environment. The PYC promotes a happy, healthy and active lifestyle, designed to help stimulate the child's imagination.

### **Registration**

Registration is available online at [www.PeninsulaYacht.com](http://www.PeninsulaYacht.com), under Summer Camps. A PDF version is also available by contacting the Club. Completed forms will be dated by PYC staff when received to ensure a "First Come, First Serve" basis.

#### **Registration for Members opens February 1.**

Non-members are welcome to submit registrations at this time but will not be confirmed until Non-member registration opens March 1.

After forms are completed, members will be billed on their next statement. For non-members, payment is required, in full, to reserve your campers spot. One form per child please. Campers are officially registered once full payment is received.

Members will be billed on your monthly statement when registered for all camp sessions selected. All cancellation policies apply.

## **The PYC Summer Camps are open to Non-Members!**
